

## THE EXECUTIVE TEAM

### Mike Bateson

Mike is responsible, with the Board, for the overall management and direction of the Company, its future development and the co-ordination of its activities with other key agencies.

Mike has been involved in the regeneration of Tendring for many years and in addition to his role as Company Secretary/General Manger of INTend he is also the Head of Regeneration and Community Services at Tendring DC.

Qualified in strategic management and marketing he is no stranger to partnership working and from 2001-2007 was the Partnership Secretary for a sub regional group covering north Essex and south Suffolk, the Haven Gateway Partnership. He was instrumental in securing recognition for the sub region with both regional and national agencies which culminated in formal references and policies in regional spatial and economic plans. He also co-ordinated the Partnership's successful bid to become one of the first 'Growth Points' in the Country.

### Amanda Douglass

Amanda is responsible for leading the management and delivery of the entire programme of regeneration initiatives within the company's remit. A chartered surveyor, she has a proven track record in driving forward the successful delivery of major physical, economic and social regeneration including coastal, port and riverfront regeneration, city and town centre mixed use transformation and major housing and transport regeneration.

She has successfully managed regeneration teams in the delivery of multi-million pound regeneration programmes for Urban Regeneration Companies and Local Authorities and has delivered national, award winning, exemplar projects. She has worked in both the public and private sectors, latterly for large international property, development and regeneration consultancies.

Amanda is also a Panel Member of the Sustainable Development Commission, the Governments advisory body on sustainable development and a member of the Royal Institute of Chartered Surveyors' Planning and Development International Faculty Board.

### Matthew Hill

Matthew is a Chartered Surveyor with over 20 years experience of a wide variety of property and projects. Previous clients and/or employers include The National Trust, Trinity House Lighthouse Service and The Environment Agency.

Matthew has handled a number of marine/marina schemes and was involved in the Harwich master plan process whilst representing Trinity House. He also brought forward the planning process for the redundant Penzance Depot and The Lizard Lighthouse.

More recently, he has worked on the Master planning process for several Estates owned by The Crown Estate with 2 schemes in particular that are both looking to deliver circa 7 – 8,000 new homes in the Eastern region.

Matthew is native to the South Suffolk / North Essex area and has been a keen and active sailor since the age of 6; learning on the river Stour.

### **Alison Jennings**

Alison is a Regeneration & Economic Development Professional with 10 years experience in both the public and the private sector. She has previously worked as a Regeneration Consultant in the East End of London and subsequently for 3 years as a Principal Project Manager at Colin Buchanan & Partners, a major Transport, Planning & regeneration consultancy where she led multi-disciplinary project teams nationwide including Northern Ireland.

Alison joins us from Southend-on-Sea Borough Council where she has spent 4 years as Economic Development Manager (Enterprise & Innovation Team Leader).

In her spare time Alison is currently completing a Masters in Town Planning and is a member of Toastmasters International. She has travelled extensively throughout Australasia, the US & Canada and enjoys walking and camping.
